Dear Brigadier Abhay A Bhat,

Greetings from TalentSprint!

Pleased to share that we have successfully conducted the digital launch and induction session at 27 of our TSCoE partner institutions. We have opened up new slots again for next week.

Please see the slots available for induction [here](#). Please note that these slots are allocated on a first come first serve basis.

As mentioned in the previous email, we will provide LMS access for our platform to all your students as part of the CoE complementary offerings. This platform has 4000+ rich video content and practice tests for placement readiness. Every week we are releasing company based tests for which they will get personalized feedback reports.

We are introducing this opportunity to students through an induction program next week. We are conducting this induction in a cascaded mode to ensure a deeper level of engagement. We would like to invite some faculty members so that they can also understand the initiative and guide students accordingly. We request you to share a list of 100 participants including faculty and student coordinators (ideally 2-4 students from each class/ section) for the same.

Please find the email to be sent to students who will be attending the event: [Email invitation to students](#).

Below is the agenda for the event.
