Introduction of APPART's Training Module "CAMPUS WISDOM"

APPART, an organization in the field of Aptitude, Technical and Behavioral Training which has created an exemplar of success in the training field. It was instituted on 24th July 2009 in **PUNE** with a unique structure of creating employable work force from Engineering, MCA and Management Institutes.

After 9 years of hands-on experience in the training industry and having trained approximately 300000 students in more than 60 colleges in Pune and across Maharashtra, MP & CG, we have ventured into this enterprise based on students' requirements and contemporary needs pertaining to the enrichment of their employability skills.

Campus Wisdom is a module with a holistic approach symbolizing character and integrity in precision with a delivery that synchronizes the rare blend of success and retention. It is a long term program which will be integrated with students' regular academics and emphasize on training students right from the onset of their college days till the final step towards their professional career.

Campus Wisdom covers multitude of subjects starting with basic Communication skills, Aptitude and Behavioral skills and overall grooming of students. With an immensely experienced team, committed efforts, and rigorous research, our training modules are meticulously designed with a specific goal of augmenting the professional competencies of students, and impart overall grooming thereby making them employable and help them sustain proficiently in their professional lives.

We at APPART would like to extend our expertise in the training field and be associated with your esteemed institute.

We look forward for a positive response and a fruitful association with you.

With Best Regards

Training Methodology Description

Introduction-

Identifying the contemporary requirement in the booming Industrial Sector and with an aim to bridge the gap between students and the corporate requirement, we have designed a training module with an amalgamation of precisely prepared content and well-structured training delivery. Our training modules are placed in alignment with the requirement focusing on aspects like- Quantitative Aptitude, Logical Reasoning, Verbal Ability and Communication Skills that are required to successfully undergo the selection process of major Companies.

Our Training methodology comprises the following aspects.

1. Assessment tests

- **Pre-Assessment test** -APPART conducts a pre-assessment test for all the students free of cost before commencing the classroom training. Sectional scores are shared with the students and the college management.
- **Post Assessment Test** -This includes a final &full-length test at the end of the classroom training.

2. Training Methodologies

- In-depth classroom training on all major topics followed by assignments and doubt clearing.
- With respect to Aptitude training we ensure maximum discussions/solutions of actual company specific aptitude questions in the class.
- Intensive participatory sessions with lots of engaging activities such as Mock Group Discussions, Mock Interviews.
- In-depth activity based sessions on the usage of appropriate words, correct grammar in the daily conversing scenarios
- Constant Self Evaluation and Assessments.
- Doubt clearing and Revision sessions.
- One-O-One Personal attention.
- Regular tests which aim to discuss the queries and doubts of the students.

3. Monitoring and Assessments -

- Training followed by assessments of students throughout the year.
- Assessments to evaluate the progress and performance of students.
- Assessment tools include audio/video tools, classroom activities.
- Behavioral skills assessment through Questionnaires on various aspects.
- Results/ feedback of students to be shared with the college management.

4. Content & Study Material – A well formulated content which is upgraded every year with rigorous research as per Industry Specification.

5. Revision & doubt clearing Sessions – One session in between the training & second at the end of the training that aims to discuss the queries and doubts of the students.

6. APPART's Mock Test & Paper solving Methods –

- The sectional tests included in the curriculum assists the students in evaluating company papers and apply better approaches to solving the papers.
- This helps the students improve their scores with invariable knowledge by developing better test taking strategies.
- The tests help in gauging the students' improvement throughout the Training Program.

6. Company Specific Tests – APPART provides 10 Mock company specific tests (During the training or at the end). This helps the student to understand the paper patterns of different companies and, in turn, prepare them for respective companies.

7. Company Specific Workshop – Contains Company Specific Test Papers (Very similar to the actual placement papers) and GD & PI tips prepared after research of previous years' papers and APPART Alumni.
