Magazine Board

Magazine Board (2018-19)

The magazine under the Magazine Board would not have been possible without the guidance and supervision of our staff-in-charge Ms Mridula Chandola, and able secretaries Shivam Singh Tomar and Shweta Patil.

When you get so many creative minds together, there's bound to be confusion and chaos; embracing that idea, the Magazine Notice Board was decorated with the theme "Praepostero", a collection of ridiculous thoughts and ideas. The Aakriti-DICT event saw the various branches make their own mini magazines in the spirit of Aakriti, where each team sent out their very best to the front lines.

"Voices in the Silence" was the theme we based the fourth edition of Reverse on, AIT's very own poetry slam; this year we had the privilege of having KC Vlaine as our judge, with his infectious joy and enthusiasm the performers were raring for their spot in the limelight. In simultaneous collaboration with the DDQ club's Humour Hustle, BCJ hall was filled with poets and comedians in various stages of their journey, keeping the audience engaged every moment. We have had the privilege of documenting every event held this year, through the articles we've written and the photographs we've clicked. Seeing the journey, the college, and its students have taken these months and years is a feeling that borders on hope and pride, and we have loved every minute of it.
