Subject: To get reimbursement for the paper presented in 5th International Conference on Multi-Disciplinary Research Studies and Education (ICMDRSE-2022) - Virtual Mode (26th - 27th May 2022). (Rs. 19815.30).

Respected Sir,

I, the undersigned Mrs. Sharayu A. Lokhande is working as Assistant Professor in Computer engineering department. I had presented paper on “Automated Subjective Answer Evaluation System” in 5th International Conference on Multi-Disciplinary Research Studies and Education (ICMDRSE-2022) - Virtual Mode (26th - 27th May 2022). The paper is published in WoS ESCI indexed journal “JOURNAL OF ALGEBRAIC STATISTICS” Volume 13, No. 3, 2022, p. 1108 - 1113 <https://publishoa.com> ISSN: 1309-3452. The paper has been awarded as “Best Research Paper”.

The registration fee for the same was Rs. 19815.30. The certificate of presented paper is attached herewith.

Please consider the application for the same.

Thanking you.

Sincerely yours,

Sharayu A. Lokhande

ABSTRACT

In this paper, we have studied LSTM (Long Short- Term Memory) network and presented a siamese adaptation of it for labelled data composed of variable-length pattern and pairs. Our model first takes in right answer and then assesses semantic similarity between the right answer and the given answer. In order to accomplish these we use word embedding vectors which are supplemented with synonymic information to the LSTMs. These vectors encode the expressed underlying meaning of the sentence which is of fixed size. The wording and syntax are also taken care of. We limit subsequent operations that rely on the simple Manhattan metric. The model's learned sentence representations are compelled to a highly structured space. The geometry of this space represents complex semantic relationships. Our results show that LSTM's can be really powerful language models and are especially suited to tasks which require intricate understanding.

I. INTRODUCTION

Conducting examination and answer sheet evaluation are hectic testing tools for assessing academic achievement, integration of ideas and ability to recall, but are expensive, resource and time consuming to generate question and evaluate response manually. Manual evaluation of answer sheets takes up a notable number of instructors, a lot of valuable time and so it is a high-cost task. Also, different security concerns regarding paper leakage is one of the other challenges to conquer. This project aims to build an automated examination system using machine learning, natural language toolkit (NLTK), python environment, Recurrent Neural Networks and web technologies to provide an inexpensive alternative to the current examination system. Understanding and retrieving information from text are crucial activities that can be considerably aided by modeling the underlying semantic similarity of sentences. Different wording/syntax used to convey the same meaning should not readily influence a successful model. The study of such a semantic word-based similarity criterion has consequently spawned a plethora of studies (Marelli et al. 2014). This has always been a challenging endeavour due to a lack of labelled data, sentences of different length and complexity, and bag-of-words/tf-IDF models, which are popular in natural language processing (NLP) but finite in this context due to their term-specificity (cf. Mihalcea, Corley, and Srapparava 2006). Because they are naturally suited for variable-length inputs like sentences, recurrent neural

networks (RNN), particularly Hochreiter and Schmidhuber's (1997) Long Short-Term Memory model, have been particularly successful in this setting for language translation (Sutskever, Vinyals, and Le 2014) and tasks such as text classification (Graves 2012). Practically, the LSTM is better than the basic RNNs for learning long span dependencies by making use of memory cell components that can store and access information across very long input sentences. The LSTM, like RNNs, updates a hidden-state representation in a sequential manner, but these events are also dependent on a memory cell that contains four additional components (all of which are real valued vectors): a memory state cell, an output port of that controls how the memory state influences the other units, and an input (and forget) gate i (and f) that defines what gets cached in (and omitted from) memory based on each updated input and the current state.

II. RELATED WORK

Claudia Leacock and Martin Chodorow presented a paper titled "C-rater: Automated scoring of short answer questions". They presented the idea of an automated scoring engine which scores the content based responses. It takes into account morphology, semantics, concept matching, typos and spelling correction etc and grades accordingly. The scores given by C-rater agreed with human grades 84% of the time. Ms. Sharmeen J. Shaikh, Ms. Prerana S. Patil presented a paper titled "Automated descriptive answer evaluation system using machine learning". Their idea was to compare answers by calculating the comparing the weightage of keywords. A model answer was required and other answers were evaluated by comparing them to model answer. It also took into account the grammatical errors and linguistics. Neethu George, Sijimol PJ, Surekha Mariam Varghese

Subject: To get reimbursement for the paper presented in 3rd IEEE Conference on Emerging Smart Computing & Informatics 2021 - Virtual Mode (5, 6 & 7 March 2021).(Rs. 5000).

Respected Sir,

I, the undersigned Mrs. Sharayu A. Lokhande is working as Assistant Professor in Computer engineering department. I had presented paper on "Effective use of Big Data in Precision Agriculture" in 3rd IEEE Conference on Emerging Smart Computing & Informatics 2021 - Virtual Mode (5, 6 & 7 March 2021).

The registration fee for the same was Rs.5000. The certificate of presented paper is attached herewith.

Please consider the application for the same.

Thanking you.

Sincerely yours,

Sharayu A. Lokhande

Invitation to INAE-SERB Workshop on "Writing R&D grant for women engineers"

Rahul Das <das_rahul@iitgn.ac.in>

Wed 2/1/2023 2:19 AM

To: Dr Ashwini Sapkal <asapkal@aitpune.edu.in>

You don't often get email from das_rahul@iitgn.ac.in. [Learn why this is important](#)

Dear Ma'am,

I am pleased to inform you that you have been selected to participate in our upcoming Research Grant Writing Workshop on February 23-24, 2023. Your experience and qualifications in the field have caught our attention and we believe that you would benefit greatly from this workshop.

The workshop will be conducted by experienced grant writing professionals who will share their expertise and knowledge on the various aspects of research grant writing. This is a unique opportunity to gain a comprehensive understanding of the grant writing process, improve your skills and increase your chances of securing funding for your research.

Please let us know by 4th of February, if you are able to attend the workshop by replying to this email.

We look forward to having you as a part of this workshop and hope that you find it to be a valuable learning experience.

Best regards,

Rahul Das

Applicant: Dr Ashwini T Sapkal, Assistant Professor, Information Technology Department.

Subject: Pre-approval of reimbursement of ICSCSP 2019 Conference fee and traveling charges.

Respected Sir,

Myself, Dr Ashwini Sapkal is working as an Assistant Professor in Department of Information Technology. My paper is selected for publication in 2nd International Conference on Soft Computing and Signal Processing (ICSCSP 2019), which is going to be held on 21st and 22nd June 2019.

I am attaching the conference website snapshot along with the registration charges. The registration charges are Rs 7000/- (refer flag 'A'). The schedule of the conference is attached in flag 'B'.

I have already registered for the conference and booked travel tickets of train (proofs attached in flag 'C'). The traveling charges are (Rs 1295+ Rs 2095 = Rs 3390).

The total expenditure of the conference is Rs 10390/-. Hence it is requested to pre-approve the reimbursement of Rs 10390/- . It is also requested to approve the on duty leave from 20th June 2019 to 22nd June 2019. The college load of these dates is already adjusted.

Thanking You.

Yours Faithfully,
A. Sapkal

FOR ATTENDING INTERNATIONAL CONFERENCE

1. International Conference on "Recent Trends in Materials Science- Synthesis, Characterization and Applications (RTMS-23)" is scheduled on 3rd and 4th January 2023 at Department of Physics, TC College Baramati, Dist: Pune.
2. My abstract is accepted for the poster presentation. Acceptance email is placed opposite.
3. Registration fees paid for the above international conference is Rs. 3000 (Rupees three thousand).
4. Claim reimbursement form with all required details are placed opposite.
5. It is requested that full day official duty leave (OD) be given on 3rd and 4th January 2023.
6. Put up for your approval and reimbursement of registration fee please.

(57) Abstract :

Present invention relates to Quick Response (QR) Code based Vehicle Verification and Challan Generation System. QR Code contains ownerTMs and vehicleTMs information that may be attached on front side of the vehicle. This will automatically identify the owner, check validity of vehicleTMs document and will generate the challan to the traffic rule violators. The present invention relates to the field of Intelligent Transportation System (ITS). It will help in bringing more safety on road, increase transparency in traffic rules and law enforcement. It will avoid conflict between traffic police and public and will also bring awareness of traffic rules and regulations among public.

The image is a certificate of presentation for the International Conference on Smart Innovations for Society (ICSIS-2022). It features a blue header with the conference title and date (May 06-07 2022). Logos for Elsevier Scopus and Clarivate Analytics are present. The certificate is organized by the Department of Applied Science at Poornima Institute of Engineering & Technology. It certifies Mr. Vitthal Digambarrao Hivrale, Assistant Professor at Army Institute of Technology, for presenting a paper titled 'A New Approach To Share A Secret Message Using Stirling Transform'. The certificate is signed by four individuals: Dr. Rekha Rani Agarwal (Convener), Dr. Bhanu Pratap (Program Co-Chair), Dr. Sama Jain (Program Chair), and Dr. Dinesh Goyal (Director & Principal). The bottom of the certificate displays various accreditation and association logos, including AACSB, NEER, and others.

3rd INTERNATIONAL CONFERENCE ON MATERIALS,
MANUFACTURING AND MODELLING

ICMMM-2021

19th - 21st March, 2021

21.01.2021

Dear Author,

Thank you for your interest in ICMMM2021.

Congratulations!

- ▲ We are pleased to inform you that your manuscript with the following details has been accepted for presentation in the 3rd International Conference on Materials, Manufacturing and Modelling (ICMMM-2021) which is scheduled to be conducted during 19th to 21st March 2021 at VIT, Vellore Campus.

Manuscript ID: MATPR-D-21-00185R1

Manuscript Title: Biomedical application of Carbon nanotubes (CNTs) in vulnerable parts of the body and its toxicity study: A state-of-the-art-review

Authors: ~~Nidhi~~ Jain and ~~Seema~~ Tiwari

You are advised to proceed for the formal Registration and the Registration Fee Payment process. The Bank details are given in the mail. Subsequent to the receipt of the "Conference Registration Fee", the corresponding author will receive a confirmation mail from "MATPR - Elsevier Editorial System (EES)". The authors will also receive the "Copyright Proforma" from the Publisher and manuscript publishing process will be initiated.

All the accepted and registered manuscripts of ICMMM2021 will be published as a dedicated Volume in **Materials Today: Proceedings by Elsevier Publications.**

महानियंत्रक एकस्व, अभिकल्प एवं व्यापार चिह्न का कार्यालय
Office of the Controller General of Patents, Designs & Trademarks

Rajiv Gandhi National Institute of Intellectual Property Management, Civil Lines, Nagpur. 440 001 (INDIA)

CERTIFICATE

This is to certify that

Seema Tiwari

has successfully completed

**One week training program on
“Patent Filing, Proceedings, Patent Search, Specification,
Claims Writing, Trademarks, GI, Copyright & Design
Filing”**

conducted by

Rajiv Gandhi National Institute of Intellectual Property Management
(RGNIIPM), Nagpur

during 20 - 25 May, 2019

International Conference
on
Discrete Mathematics and Its Application to Network Science
(JEDMANS-2018)

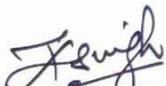

July 07-10, 2018

Sponsored by: NBHM, DRDO & HMEI

CERTIFICATE

This is to certify thatGanesh Mundhe.....
participated and presented a paper entitledConnectivity of Single Element.....
.....Coextension of Binary Matroid.....
in the "International Conference on Discrete Mathematics and Its Application to Network
Science" held at the Department of Mathematics, Birla Institute of Technology and
Science Pilani, K K Birla Goa Campus, Goa, India during July 07-10, 2018.

Tarkeshwar Singh
Conference Chair

Department of Mathematics
BITS Pilani K K Birla Goa Campus
Zuarinagar, Goa
