Library Feedback Analysis for AY 2018-2019

As part of a continuous quality improvement strategy, the institution employs a structured feedback mechanism to assess library performance across multiple dimensions. Each academic year, student perceptions and experiences are systematically collected through the institution's ERP (Enterprise Resource Planning) system.

The feedback framework encompasses critical aspects of library operations, including Book collection, E-resources, library services, library staff and library environment.

Analysis of Feedback:

An annual feedback survey was conducted to evaluate the effectiveness of library facilities based on fourteen key parameters. Students were asked to rate various aspects of the library services using a five-point scale ranging from Excellent to Poor.

Analysis of the feedback revealed that over 40% of students rated the circulation service, reference service, and the reading hall environment as “very good.” However, approximately 17% of the respondents expressed dissatisfaction with the inadequate availability of the book collection.

Compliance Report of Library Feedback from Students (2018-2019)

1. **Point:** Enhancement in the diversity of Hindi literature available in the collection.

Action Taken: In March 2018, a systematic acquisition of Hindi books was undertaken based on recommendations received from both faculty members and students. This initiative aimed to broaden the scope and variety of Hindi literary resources accessible to the academic community.

2. **Point:** The existing primitive editions require replacement with more current versions to ensure up-to-date information.

Action Taken: The AIT Library has systematically acquired updated editions of print books upon their regular publication to maintain a contemporary and relevant collection.
