### Library Feedback Analysis for AY 2022-2023

As part of a continuous quality improvement strategy, the institution employs a structured feedback mechanism to assess library performance across multiple dimensions. Each academic year, student perceptions and experiences are systematically collected through the institution's ERP (Enterprise Resource Planning) system.

The feedback framework encompasses critical aspects of library operations, including Book collection, E-resources, library services, library staff and library environment.

Remarks for improvement

superb atmosphere  
the internet is unavailable, the books which are recommended in our syllabus pdf is not available in library, the ac doesn't work, NEED TO AMEND THE RUSTED SYSTEM.  
The environment inside the reading hall is like a Fish Market. I have complaint about it to Director and JD sir but action taken by the was not reflected on ground. Anyway I completed my 4 years, but still it can be improved for future batches.

### Feedback about library Environment - Conducive for studies (AY 2022-23)

### Analysis of Feedback:

Feedback is collected annually to assess the effectiveness of library facilities across fourteen key parameters. Students are asked to rate various aspects of the library services on a scale ranging from excellent to poor.

The results indicate that over (57.1%) of students rated the arrangement of the book collection as excellent. Additionally, (52.4%) students expressed high satisfaction with services such as internet and email access, which were also rated as excellent. However, approximately 33.3% of students indicated that improvements are needed in the variety of the book collection as well as in creating a more conducive environment for study. These findings suggest targeted areas for development to improve the overall student experience within the library.

### **Compliance Report of Library Feedback from Students (2022-2023)**

The following feedback points received from students and necessary action taken by Library are as follows:

1. Point: syllabus book makes available in PDF format

#### **Action Taken:**

The library regularly acquires the latest editions of books in accordance with the prescribed course syllabus. Additionally, the titles specified in the syllabus are procured in electronic format (e-books) to facilitate broader accessibility. URL links to these e-books are made available on the AIT website. Access to the e-books has been provisioned for all library users through both the institutional intranet and remote access platforms.

2. Point: Improve Internet facility

#### **Action Taken:**

Efforts have been undertaken to enhance the internet and Wi-Fi facilities within the library reading hall. An extra router has been installed in the library reading hall to ensure stronger and more reliable wireless access for users.

3. Point: Reading Hall Environment

#### **Action Taken:**

A dedicated library attendant is assigned to the reading hall to maintain silence and ensure a conducive environment for study.
