Webinar

Overview of the seminar:

The host of the event asked with the question what's "INCUBATION" and "INCUBATION CENTRE". Question answer happened at the start of the session and at the end of the session.

BHAU meaning = 'Elder Brother'

What is Incubation? **Grooming**

Incubation meaning = the process of incubating eggs, cells, bacteria, a disease, etc. (the development of the embryo within the egg under favorable environmental condition.)

What BHAU Incubation center do?

Grooming to young start-ups, financial support, Ideas Execution

Sir mentioned in his speech that BHAU Institute has good relation with AIT College from past few years.

Pillars of BHAU Institute: -

- Learn
- Incubate
- Integrate

Connected with all tiers of college for incubating students.

Top position from last 2 years in launching start-ups

Vision: - To create a successful entrepreneurship institute

Focused sector:- IOT, AI/ML, Cyber security, Healthcare, Technologies, EV, Renewable energy

Short term course they will launch soon to guide the students. It will be of **6-month** course.

Focused on product of Technical and Non-technical

- Various problem discussed
- Concept of Business, Marketing
- Blue print development of concept

1. Physical Incubation

Provide facilities, Lab, instruments for helping development of ideas.

2. Virtual incubation

Out of Pune students other cities are also covered virtually like: - Chennai, Mumbai, etc.

3. Corporate

Running the Incubation

Gets fund from famous corporation

- Government Funding (Financial assistance are provided up to a maximum of Rs. 30 lakh per **incubator** per year up to a period of three years.)
- AICTE Scheme
- Nidhi Prayas Scheme
- Ministry scheme
- Ministry of social and justice for minority students
- KPIT Scheme
- DTS Scheme

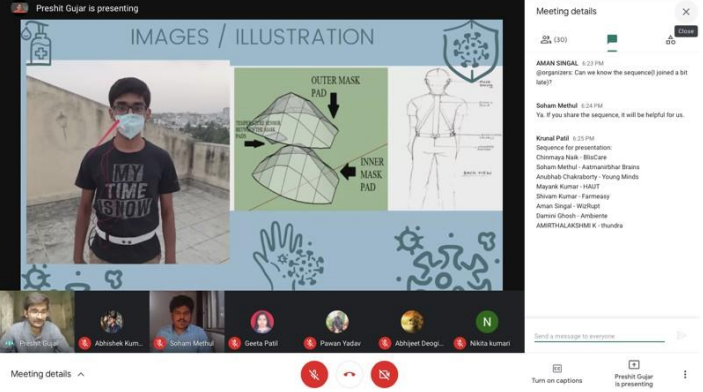

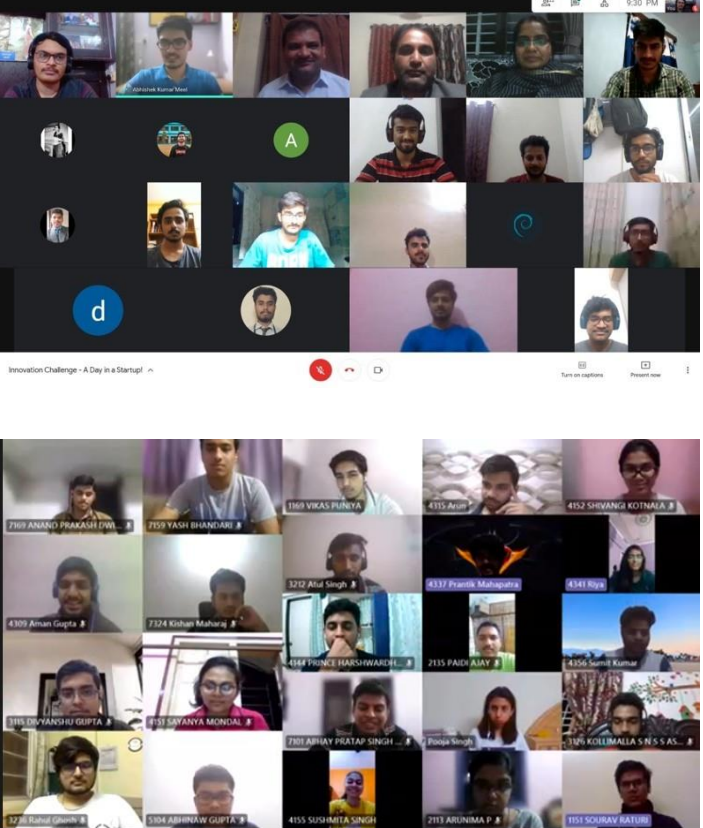

Appointment ways:-

- Through E-mail
- Through website
- By visiting center
- Through social media handles

**Deep Info Lab Internship Program
AIT Chapter**

We are happy to bring forward our Internship Program, which will see its first iteration in Army Institute of Technology, Pune. This program will be started in collaboration with the E-Cell of the college.

This is an opportunity hosted by us at Deep Info Lab to build great engineers and leaders from the already skilled students of AIT. This will allow students to learn core technical skills and develop, while at the same time, learn how to handle a team in the future. The workday will include development, accompanied by direct interaction with the CEO on their projects and weekly sit-ins on select corporate strategy meetings.

This event will be exclusive to Army Institute of Technology in this iteration and we are looking forward to the amazing talent and innovation of the students!

Meet The Speaker!

 Rohan Datta is the CEO, CTO and Co-founder of Deep Info Lab. He has had consulting experience with other entrepreneurial ventures and businesses and is a machine learning engineer as well.

Name of the Resource person:

Mr. Rohan Datta, CEO, CTO Deep Info Lab

Brief profile of Resource person:

Mr. Rohan Datta is alumnus of AIT Pune of batch 2020 and one of the Directors and the CEO of Deep Info Lab, his mission is to drive productivity and automation solutions to the public through the dedicated team at Deep Info Lab. He is engaged in all business activities during the current pandemic and believes in heading towards an ideological shift in work with the help of technology.

Deep Info Lab is a company that uses artificial intelligence, deep learning, and machine learning to add value to businesses, professionals, and individuals whose work is primarily divided into products and services. Deep Info Lab is currently building a product to facilitate this shift called DraftLab, the flagship cloud-based workspace with a powerful AI-powered contract reviewing framework.

Keynote: “Corporate Etiquette and Responsibilities, How to Present Yourself to the World”

Overview of the seminar:

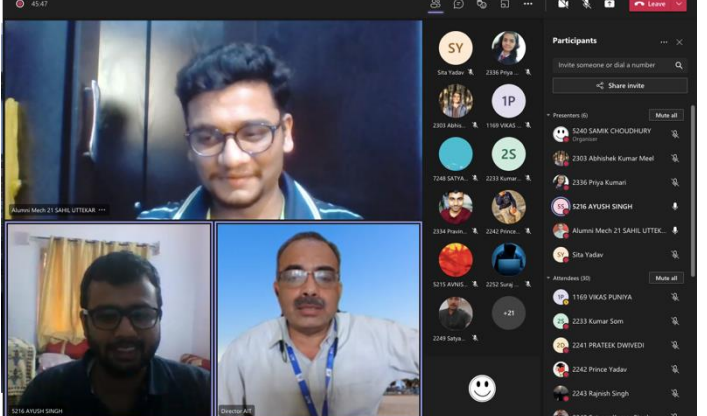

Speaker has shared his immense experience of corporate workplace. He started the seminar with the requirement of etiquette and then gradually made understand the difference between ethics and etiquette. It was quite an interactive seminar, speaker and students were sharing their thoughts which made the seminar more understanding. Why etiquette is required in a workplace was also made understand. Speaker has also talked about how to present themselves in the corporates. Speaker has also emphasised on the need of soft skill and how it helps to differentiate us from the crowd, how it helps in leadership skills, because for the teamwork and communication. As all points were covered the speaker introduced the enternship program and students were allowed to ask doubt related to the program and keynote seminar.

Workshop on “Going from mildly successful to wildly successful”

Overview of the seminar:

The event focuses on how to become really successful not only in terms of money but also in terms of health and happiness. Mr. Abhijeet Deogirikar shared that the first step forward is to quit setting your standards - that is, your objective, actions and point of measurement - based on what everybody is doing. The session helps the students in discovering the hidden keys to becoming an outlier. During the interaction, attendees shared opinions, thoughts, and asked questions. The speaker spoke about the kind of skills one must possess to be a successful person in the world where everything is changing very frequently. He further encouraged the students to follow their passion to be really successful and happy.

Report on Guest Lecture “ Career Opportunities and required skill set for Networking Domain”

Name of Activity	:	<u>“ Career Opportunities and required skill set for Networking Domain” Guest Lecture</u>
Date (s)	:	16 th Nov.2021
Venue	:	Online
Resource Person(s)	:	: Mr. Vijender Yadav , CEO and CO founder Accops Systems, Pune
Organizers	:	Dr. Shraddha Oza, Dr. Harjeet Kaur
Attended by	:	TE E&TC
Number of Participants:		12

Brief description of the activity and outcome:

- i) Discussion for need of PCB designing and different software's available for simulation.
- ii) Hands on practice of Proteus with the help of a simple circuit of a voltage regulator.
- iii) Introduction to uploading the hex file in the circuit of micro controller.
- iv) Introduction of Eagle Software for PCB designing.
- v) Hands on practice of the layout of voltage regulator circuit on the software.
- vi) Demonstration of actual PCB designing on a copper clad board.

Army Institute of Technology, Pune

Department of Electronics & Telecommunication Engineering

Encl.:

- i) Invitation & appreciation letter
- ii) Attendance
- iii) Feedback
- iv) Soft/hard Copies of material provided
- v) Soft copy of photographs

Prepared by: Dr. Shraddha Oza, Dr. Harjeet Kaur

HOD E&TC

Below the portrait, his name "TAMANJIT BINDRA" and title "Co-Founder Kaagaz" are listed. At the bottom left, there are logos for "Link in Bio" and "E-CELL AITPUNE".

Name of the Resource person:

Mr. Tamanjit Bindra, Co-founder, Kaagaz

Brief profile of Resource person:

Mr. Tamanjit Bindra, Co-founder, Kaagaz also he is a beloved alumnus of Army Institute of Technology, Pune. He is an innovative, professional, and result-oriented man with exemplary problem-solving skills. He is renowned for his impeccable programming skills and admirable entrepreneurship knowledge.

Kaagaz is a made in India document scanning app launched in June 2020, and today that it has 10 Million+ Downloads and has been accepted into the accelerator program by Y Combinator (W'22). With over 2.5 Mn+ monthly active users, Kaagaz today has evolved to be a top productivity & office tool on Google Play Store.

Webinar on “How to do a Startup?”

Overview of the seminar:

The speaker started by giving his introduction by the jobs he had done before doing a startup. The speaker then moved on why AITians will make a good founders, which was very inspiring for the audience. He has mentioned that AITians are Generalists by nature and it is a necessary trait for an entrepreneur. After explaining us our strengths he started to explain the journey of Kaagaz and how he embarked on this journey. The main motive to build Kaagaz was make Mobile ‘Office’ for Bharat, by building easy-to-use tools on Mobile, to empower 500 Mn+ Bharat users, who don’t have a Desktop.
