Dear Vijay:

Congratulations! Your academic record of achievement within your undergraduate degree program, as well as your other accomplishments, is to be commended. In view of your outstanding credentials, you have been selected to receive a University of Florida, Herbert Wertheim College of Engineering ***Achievement Award Scholarship for New Engineering Graduate Students***. This offer includes a partial tuition waiver of \$1500 a semester for up to three semesters (minimum of nine hours enrolled per semester). The current out-of-state tuition and fees are \$1,255.41 per graduate credit hour. The three semesters must be used within the first two years of enrollment. It is noted that no other University support (e.g., assistantship, fellowship, scholarship) is permitted while serving as an Achievement Awardee, although you may transition to such alternate support if funding becomes available.

The ***Achievement Award Scholarship for New Engineering Graduate Students*** is offered to incoming graduate students to convey our enthusiasm in attracting you to the University of Florida and our commitment to supporting your professional development. We hope this partial tuition waiver will make the cost of your education more affordable. The Achievement Award Scholarship represents a savings of \$4,500 during your Master's degree program. The academic year officially **begins August 22, 2016**.

We are very pleased to extend this offer and hope that you will agree to join UF Department of Computer & Information Science & Engineering. We believe that you will find that the University of Florida offers a stimulating, creative climate for graduate studies.

Please confirm your acceptance directly to [klsapp@ufl.edu](mailto:klsapp@ufl.edu) via email and return the signed letter of offer at your soonest convenience but no later than **May 6, 2016**. If you have any questions, please do not hesitate to contact us.

Congratulations on your award and we look forward to seeing you in the Fall.

Best wishes,

---

Juan Gilbert  
Professor and Chair

## University of Florida Engineering Innovation and Leadership Institutes

The UF College of Engineering is nationally recognized in producing engineering leaders and innovators that change the world. The UF Engineering Innovation and Leadership Institutes focus on providing specialized training and experiences in innovation and leadership to our graduate students.

The UF Engineering Innovation Institute ([www.eng.ufl.edu/innovation](http://www.eng.ufl.edu/innovation)) fosters a culture of innovation among faculty and students of the College of Engineering. The Institute serves as a nexus of engineering innovation education and experiential programs extending across the spectrum of creative discovery and invention, to the transition of UF engineering technologies and innovative students to the marketplace. The Institute produces leaders with engineering and innovation skills to attack the world's most daunting problems and change the world. The Institute's primary program elements are Creativity and Entrepreneurship built on the foundation of the College's research programs. The College's inter-disciplinary research institutes, and its broad spectrum of Departments and Schools, provide a unique platform upon which Creativity and Entrepreneurship education produce many of our next generation innovation leaders, whether they work in the private, academic, public service, non-profit, or government / military sectors.

The UF Engineering Leadership Institute ([www.eng.ufl.edu/leadership](http://www.eng.ufl.edu/leadership)) focuses on creating leaders for a new world where technology plays a major role and the need for principle based, character focused leaders is now more than ever demanded by our country and the world. For the US to continue to lead the world in engineering and innovation, engineers must take their rightful role in becoming leaders in all aspects of society – in industry, education, government, and the military. The UF College of Engineering is dedicated to being a leader in this field. The Engineering Leadership Institute will change the view of and by engineers about their role as leaders in modern society. The Institute provides the experience, the educational framework, and the expectation within students, faculty, and the profession that engineers are to be leaders, with a strong focus on integrity and character. Active engagement of world renowned leaders at all levels establishes the Institute as a nexus for leaders to share their experiences, where leaders can engage with students and faculty to instill values and learn from creative minds, and where aspiring leaders can come to examine a life in leadership and establish their own life plans to achieve their goals.

The Institutes will offer focused seminars and workshops to you each semester during your time at UF. Specifically, the Institutes will provide focused training in skill sets such as communications, ethics, creating a powerful value proposition, entrepreneurship and entrepreneurial thinking, innovation, and leading in a changing world. These seminars will be provided by the Institute's senior leadership as well as industry, academic, and public sector innovation leaders.

Dear Chirag:

Congratulations! We are pleased to inform you that you have been accepted to the Master of Language Technologies (MLT) program of the Language Technologies Institute in the School of Computer Science at Carnegie Mellon University starting in the Fall 2016 semester. We believe that, with your outstanding skills, you have the opportunity to be very successful in our program and we look forward to working with you. Masters' students who show excellence may apply for admission to the LTI Ph.D. program in subsequent years. Should Ph.D. admission be granted, most of the Masters' work (e.g., courses and research) would count towards the Ph.D., hence, our MLT would be largely equivalent the first two years of a Ph.D., if Ph.D. admission is later granted (typically in the second year of the MLT). Successful progress towards or completion of the

Dear Mr. Kumar,

Congratulations on your admission to graduate study at the University of Southern California. Your academic records indicate that you will make a significant contribution to academic life at the university.

You have been admitted as a graduate student in Computer Science (Data Science) within the Andrew and Erna Viterbi School of Engineering for Spring 2018. Your degree objective is the Master of Science. Please include your USC ID (7088-7522-27) whenever you correspond with the university. This admission is offered subject to your maintaining your present level of academic achievement. If you have not already done so, you must provide proof of satisfactory completion of any studies in progress, and submit final academic records from each institution you have attended. Important information about placement exams and orientation will be sent to you by e-mail. While enrolled at USC, you are expected to maintain a 3.0 GPA or better to remain eligible to complete your degree. Please note that any courses taken outside of those specified for your degree program in the USC Catalogue require advance approval from your department. Change of major requests may be submitted only after completion of your first semester. Please carefully review the Continuing Registration Requirement information which lists all the requirements you must meet within your first term(s) of USC enrollment to continue in your degree program. You must meet with a staff advisor to resolve these conditions.

We encourage you to review the admitted student portal at [gradwelcome.usc.edu](http://gradwelcome.usc.edu), which includes specific information about registration and enrollment. You will also find a link to the portal at [you.usc.edu](http://you.usc.edu) when you click on the Statement of Intent button. Please submit the Statement of Intent: Graduate Studies form whether or not you decide to enroll at USC. Certifying your USC enrollment will allow you to create your university e-mail account, register for Graduate Student Orientation, and access your USC records.

As an international student, you have also demonstrated adequate financial support to receive an I-20 or DS-2019. This will be issued to you once you certify to enroll at USC. You must use this document to obtain a visa for entrance into the United States.

We are delighted to officially welcome you to our community of scholars, and look forward to seeing you on campus!

Sincerely,

Timothy L. Brunold

Dear Siddharth,

Congratulations! Northwestern University's Master of Science in Information Technology (MSIT) program is pleased to offer you admission to our full-time program for the coming academic year, which will begin on Saturday, September 15, 2018. The MSIT Board of Directors recognizes your excellent credentials, leadership, and potential in the information technology field, and we are thrilled that you have chosen our program as the next step in your educational future. We anticipate that you will finish your degree requirements by June 22, 2019 (or early December, 2019, based on your course plan) through a combination of daytime weekday courses offered through the EECS department, and other McCormick School of Engineering departments, and the MSIT-sponsored courses offered on Saturdays.

You will earn a Northwestern University, McCormick School of Engineering, Master of Science in Information Technology degree after the required 12 course units are satisfactorily completed (cumulative final GPA of 3.0 required). By law, individuals attending an eligible program of study in the U.S. via student visa can only be admitted to a full-time program option. Northwestern University defines a full-time student as one who takes three or four courses per quarter, but you will need to enroll in four courses per quarter to stay on track in your approved program of study (unless you select the 4-quarter MSIT option; please see website for details). The MSIT director, Dr. Randall Berry, and your MSIT advisor will need to approve your proposed course registration before enrollment each quarter.

The MSIT program has its *required* MSIT New Student Orientation on Saturday, September 22, 2018. The International Office at Northwestern will be holding a required Graduate Student Orientation for new full-time graduate students around this time as well. Please plan to be here for both of these important events. More details will follow closer to the start date.

To reserve your place in the full-time MSIT Fall 2018 Cohort, please return the following items:

1. A completed "Confirmation of Intention to Register" form (attached; your degree is called the "Master of Science in Information Technology" degree).
2. Submit a non-refundable tuition deposit of \$500 (check made out to "Northwestern University"). Wire transfers are also an option for the tuition deposit. Please email MSIT for details.
3. **Return the form and tuition deposit to: Northwestern University, Master of Science in Information Technology, McCormick Education Center, 2311 N. Campus Drive, Suite 1400, Evanston, IL, 60208. A signed, scanned email copy of the form is also acceptable.**
4. Submit the I-20/DS-2019 Request Form (for an F-1 or J-1 visa respectively). This form and other very valuable information for international students can be found on the Northwestern International Office (IO) webpage here: [New Student International Office Information](#). Standard program expenses will pre-populate. For your information, we also include as a separate enclosure additional detailed costs you might plan for

(keeping in mind that many of these can be reduced if you need to cut costs). The I-20/DS-2019 Request form should be submitted by following the instructions located on the IO website.

5. Provide all supplemental documentation below with the I-20/DS-2019 Request Form:

- \* Copy of your passport
- \* Copies of financial documentation
- \* Copy of this MSIT admission letter

NOTE: I-20/ NOTE: I-20/DS-2019 applications take approximately 2 weeks to process at the International Office. Contact the IO at [intadmit@northwestern.edu](mailto:intadmit@northwestern.edu) if you have specific questions about choosing the proper visa category. Nick Seamons, at [n-seamons@northwestern.edu](mailto:n-seamons@northwestern.edu), is our contact in the Northwestern IO office if you have follow-up questions at any time.

- ✓ Once your visa application is processed, and before July 1, you must complete the Admission Health Record and provide proof of immunization to Northwestern University Health Service. See details and obtain the form at this link: [Full-time Student Health Insurance Information](#)

Once you are approved for your I-20 or DS-2019 and have a Certificate of Eligibility, you will need to pay the SEVIS fee and apply for a visa stamp at the U.S. consulate or embassy in your home country. Below is a link for Northwestern IO's pre-arrival and arrival information: [Living and Working in the US.](#)

Included within that URL is detailed information about housing options. Please review the information carefully. We hope that you will be able to inform us of your admission decision as soon as possible to ensure sufficient visa and university paperwork processing.

We look forward to welcoming you into the Class of 2019! Please don't hesitate to contact me if you have any questions. You can reach me in the office at 847/467-6557 or [abigayle.shay@northwestern.edu](mailto:abigayle.shay@northwestern.edu), and you can reach George Nejme, the MSIT Program Facilitator, in the office at 847/491-5931 or [gjn485@northwestern.edu](mailto:gjn485@northwestern.edu).

Dear Amit Chahar:

I have the pleasure of offering you admission to the Professional M.S. in ECE Program in the Department of Electrical and Computer Engineering beginning the Fall 2018 semester, in residence at Carnegie Mellon's Pittsburgh campus.

The Professional M.S. degree is typically completed within three academic semesters (fall, spring, fall). For more information about the department's graduate programs, please visit ECE's website <https://www.ece.cmu.edu/programs-admissions/masters/index.html>.

All students in the Professional M.S. Program are assigned a faculty mentor. Close to the start of the semester, you will be notified regarding the mentor who has been assigned to you in order for you to plan your fall schedule of classes.

Students admitted to the Professional M.S. Program are required to remain in this program for a minimum of two academic semesters (fall, spring). Only after this requirement has been fulfilled may students join the Ph.D. Program. Should a student desire to pursue a Ph.D. degree, the application process can begin as early as during your first (fall) semester. For assistance with the application process, please contact the ECE Graduate Admissions Office.

You will be responsible for all your financial support (tuition, health insurance, plus living and other expenses) for the duration of the Master's Degree program. As an aid in your financial planning, the enclosed page details the approximate costs of one year (for the 2018-2019 academic year) at Carnegie Mellon University.

I would appreciate hearing from you no later than April 15 regarding your decision about accepting our offer of admission. Please use the following link to let us know of your decision: [https://www.surveymonkey.com/r/MSECEPgh\\_F18](https://www.surveymonkey.com/r/MSECEPgh_F18).

In closing, I want to congratulate you on your excellent academic record. I am confident that you will find the ECE Department at Carnegie Mellon a stimulating and warm environment and we are excited about the prospect of your joining our department. The faculty and I look forward to welcoming you in the fall.

Sincerely,

**Programme Title: MSc Mathematical Finance**

**Duration: 12 Months**

**Mode: Full-time Taught**

**Start Date: 30 September 2019**

**Fee Status: Overseas Tuition Fee: £19440**

I am pleased to be able to confirm that the conditions of your offer have been met and that your offer of a place as shown above is now unconditional.

The start date of your programme is shown above. For programmes starting on 30th September, all new students are expected to attend Welcome Week starting on 23 September 2019. You will receive further information about Welcome Week in due course. Please note that Welcome Week includes specific additional activities for international students to facilitate a smooth transition into life at the University of Birmingham.

A CAS (Confirmation of Acceptance for Study) to help with your visa application will be sent to you in due course. Please note that it is not possible to issue you with a CAS more than six months before the start date of your programme. Study in the UK is subject to time limits and regulations on academic progression set by UK Visas and Immigration (UKVI). If you have not already provided us with details of any study that you have undertaken in the UK (including study you have completed, are currently undertaking or have failed to complete) in the Qualifications section of your application then you must inform us of this now. Failure to provide this information may result in your offer being withdrawn.

The annual tuition fee for the academic year 2019/20 is shown above. Tuition fees are liable to increase in subsequent years.

Your acceptance is only confirmed for the programme stated above. Transferring to another programme can only be accommodated in certain circumstances which are at the discretion of the relevant academic department. For some programmes this will not be possible due to limited places.

Please note that you need to have sufficient funds available for your living costs and tuition fees for the duration of your programme. You will only become responsible for the payment of your tuition fees when you formally register for your programme. Information regarding the registration process will be sent to you before your programme commences.

Yours sincerely

Dear Aayush,

Congratulations on your acceptance to the Rutgers University–Camden Graduate School Computer Science program. Because of your outstanding academic accomplishments, I am pleased to inform you that you have been awarded the Chancellor's Merit Scholarship for \$10,000 from the Rutgers University–Camden Graduate School to be split between fall 2019 and spring 2020 semesters. The Chancellor's Merit Scholarship will be awarded each year that you are enrolled as a traditional Rutgers University–Camden Graduate School student for up to a total of four semesters, as long as you meet the three criteria listed below:

- Must maintain a 3.0 cumulative GPA
- Must enroll in 9 or more credits each semester, and
- Must not receive any grades below a "B"

Please note that these scholarships are exclusively for our traditional Graduate students enrolled at Rutgers University–Camden and do not transfer to any other program at Rutgers University. Rutgers reserves the right to modify and/or withdraw an award if the credentials or conditions upon which the award was granted do not accurately and completely represent your scholastic record.

We are excited you are one of our newest Rutgers University–Camden Graduate School scholars! To accept your offer of admission and thus your scholarship, please go to *Your Status* screen at [gradstudy.rutgers.edu/status](http://gradstudy.rutgers.edu/status) and indicate your intention to enroll in the Rutgers University–Camden Graduate School. If you have already accepted your offer of admission, your scholarship award will automatically be credited to your account.

It is a pleasure to welcome you to Rutgers University–Camden. I look forward to seeing you on campus and having you as an active member of the student body in and out of the classroom so that you may get the most of your Rutgers education.

Sincerely,

Dr. Howard Marchitello

**Subject:** Greetings Sir

Respected Sir,

I am an alumni of the AIT Batch of 2018 in BE Computer Engineering, currently pursuing MS in Computer Science from the University of Southern California, Los Angeles. I hope this letter finds you in the best of spirits. I am writing to thank you once again for sending out my recommendation letters last year for my applications. I am truly grateful for your time and consideration sir.

I shall be finishing my first semester here in May, the courses are very hectic and there are plenty of assignments to keep us busy throughout the week. I shall start applying for summer 2020 internships in the month of September 2019 so I am currently honing my skills in programming.

Recently, my team and I attended a hackathon event in LA which was hosted by Major League Hacking. The event had a participation of over 200-300 teams from all universities in California including UC Berkeley, UC San Diego and Stanford. The hackathon had plenty of startup companies as well as Google, Facebook and Amazon who were on the lookout for some of the best ideas and implementations. At the end of the 36 hour hack, my team and I won the Facebook Hack Challenge for developing an Augmented Reality based Internet of Things system. More information about our product can be found here : <https://devpost.com/software/bsmart>

As a result of my team's win, Facebook will be sponsoring our trip to their HQ in San Jose at the end of the month to attend the much coveted F8 (Facebook Dev Conf) with Mark Zuckerberg for 5 days.

I would like to thank you for your constant guidance and support throughout my final year project, without which I know I would not have made it this far. I'd specially like to give you due credit for sponsoring our Kinect research and suggesting some great ideas to implement. That project has helped me a great deal. I hope to hear from you soon sir.

Yours sincerely,

Dear Tanvi,

Congratulations! I am delighted to make you this conditional offer of admission to the MSc in Marketing for the 2020/21 session as a full-time student. As a full-time student, you will be required to attend a minimum of 21 hours of study per week. The registration session for your programme is set for 18 September 2020. As you are registering early, you will register and attend teaching prior to the mandatory induction and orientation events which take place during 'LSE Welcome' from 21 - 25 September 2020. For further information, please refer to 'Annex C: Registration Dates' and the 'Your first few days' sections of the offer pack. The programme lasts 12 months, finishing 21 September 2021. The graduation ceremony will be in December following completion of the programme.

Your offer of admission is made on the basis of the information you provided throughout the application process. For information on what to do next, please read the Offer Pack thoroughly and then reply to us by completing the online offer reply form, which you can access via your LSE for You account. You can accept this offer before you meet the conditions below, but you must satisfy them before you register at the School:

- \* You must provide official proof of your degree or other main qualification results.
- \* We require an original or certified copy of your transcript.
- \* You are required to obtain your degree with a minimum overall mark of 7.5/10
- \* You are required to formally register at LSE on Friday 18 September 2020 and attend the mandatory one week pre-session course beginning on Monday 21 September before proceeding with the degree programme. Further information will be sent to you in due course.
- \* Pre-session events and teaching take place run from 21 - 25 September.

Your documents must be originals, or certified copies, in English. See here for details:  
[lse.ac.uk/graduate/documents](http://lse.ac.uk/graduate/documents).

**Fees**  
We have classified you as Overseas for the payment of fees. The fees for your programme are 29760 pounds sterling for the 2020/21 session. Details of how and when to pay are on page 8 of the Offer Pack, and more information about how we classify your fee status is on page 10. The LSE Student Fees Policy can be found via:  
[lse.ac.uk/studentfeespolicy](http://lse.ac.uk/studentfeespolicy).

**LSE Financial Support**  
It has not yet been possible to consider you for financial support from LSE, as your LSE Graduate Financial Support Application was not submitted before the decision to offer you a place was taken. In order to be considered for needs-based financial support from the School, please complete the application form which is linked to the online tracker. The application form will be available until 17.00 (UK time) 27 April 2020. More information about Financial Support is on page 6 of the Offer Pack.

To Whom It May Concern:

This is to confirm that Mr. Vivek Saahil is a full-time student in the [Master of Management in Analytics](#) (MMA) program at McGill University's Desautels Faculty of Management. The MMA Program is an intensive full time Master program with a strong emphasis on experiential learning. The MMA program started on August 3<sup>rd</sup>, 2020 and it is planned to end on August 31<sup>st</sup>, 2021. Mr. Saahil began his program remotely in the summer 2020 term and has been registered full time since then. He is currently registered full-time for the winter 2021 term.

I confirm that the Offer of Admission letter dated on January 27<sup>th</sup>, 2020 and signed by Dean Josephine Nalbantoglu is the official Letter of Acceptance/Offer of Admission provided by McGill University. The offer of admission Mr. Saahil initially submitted to request his study permit is the only one McGill University can issue, and it remains valid. We have received his official transcripts and proof of graduation listed on his offer letter as conditions of admission.

If you have any questions, please do not hesitate to contact me.

Source of Funding:

## DURATION OF ACADEMIC PROGRAMS

After initial registration:

- Master's degrees must be completed within three (3) years.
- Doctoral degrees must be completed within six (6) years.
- Part-time MBA must be completed within five (5) years.

## TUITION

McGill tuition fees and related fees vary according to the program, level of study and citizenship of the student; **fees are subject to change**. You will find the most up-to-date fee information for all McGill programs (in Canadian currency) at: [www.mcgill.ca/student-accounts/tuition-fees/tuition-and-fees](http://www.mcgill.ca/student-accounts/tuition-fees/tuition-and-fees).

## IMMIGRATION REQUIREMENTS FOR INTERNATIONAL STUDENTS

To study legally at McGill, those who are not citizens or permanent residents of Canada must obtain:

- A certificat d'acceptation du Québec (CAQ) from the Ministère de l'Immigration, de la Diversité et de l'Inclusion, Québec
- A study permit from Citizenship and Immigration (CIC) Canada. McGill University's CIC unique identifier is 019359011033

Immigration officials will need to estimate your attendance costs and will require:

- A printed copy of this admission letter
- A printed copy of the current fee information for your McGill program obtained at [www.mcgill.ca/student-accounts/tuition-fees/tuition-and-fees](http://www.mcgill.ca/student-accounts/tuition-fees/tuition-and-fees).

Immigration procedures and authorizations may take considerable time depending on a variety of factors. Therefore, we strongly recommend that international students start this process immediately after accepting the offer of admission from McGill. Detailed information on immigration processes is available at: [www.mcgill.ca/internationalstudents/immigration-documents](http://www.mcgill.ca/internationalstudents/immigration-documents).

## MANDATORY REQUIREMENTS

### 1. ACADEMIC INTEGRITY

McGill places a high value on academic integrity in all facets of study and research. Please review the Student Rights and Responsibilities website [www.mcgill.ca/students/srr/](http://www.mcgill.ca/students/srr/). Prior to arrival or within your first few weeks at McGill, as a newly admitted graduate student you are required to complete a short on-line Academic Integrity tutorial which is accessible under the Student Menu on Minerva (the McGill information system).

### 2. GRADLIFE ORIENTATION: Graduate Supervision

Graduate supervision is the backbone of graduate student success. Graduate students must participate, before registration, in a short on-line orientation on graduate supervision. You can access the GradLife Orientation on MyCourses: [mycourses2.mcgill.ca/](http://mycourses2.mcgill.ca/).

**SUBJECT: Provisional Offer of Admission to the Joint M.Tech/MCP-PhD Programme 2021**

Course Offered : Microelectronics and VLSI Design (EC2)

Dear Mr./Ms. DUNGA BHARATH KUMAR

Congratulations! You have been provisionally offered admission to the Joint M.Tech/MCP-PhD programme in Microelectronics and VLSI Design , you are required to download other forms from link: <https://erp.iitkgp.ac.in/IITKGPApplications/offerLinks> that you have to submit duly filled in at the time of physical reporting at IIT Kharagpur or as asked for at a later stage. This offer is purely provisional subject to fulfillment of all eligibility criteria both Academic Qualifications and category certificate (if any).

At the time of physical reporting at IIT Kharagpur, you will be required to produce (a) valid GATE Score card (b) original certificates and mark-sheets of your educational qualifications, (c) evidence of the work experience, if any (d) category certificate (EWS/OBC-NCL/SC/ST/PwD), if applicable, issued by the competent authority (e) A person who is in employment and selected for admission, he/she must resign and produce the acceptance of resignation by the employer at the time of joining or produce a document that he/she is not receiving any salary from his/her employer along with proper document of sanctioned leave including 'No Objection Certificate'. Please note that a set of self attested copies of each of these documents are necessary for our record. The originals will be returned to you after verification.

**Please note that all the candidates must have a minimum of 60% marks (or a CGPA of 6.5 in 10 point scale) in the final qualifying examination for GE/EWS/OBC-NCL categories and 55% marks (or a CGPA of 6.0 in 10 point scale) for SC/ST/PwD categories. The CGPA will not be converted into percentage marks if the degree awarding Institute provides marks in CGPA system. Their admission will be based on the CGPA awarded in the transcript. No conversion of percentage of marks into CGPA and vice-versa will be accepted.** The details of document submission procedure will be intimated to all candidates at a later date. However, you are required to submit your degree certificate and/or mark sheet, with minimum marks as mentioned above, by **31.10.2021**, failing which your admission is liable to be cancelled

Failing to comply with any of the above requirements will automatically lead to the cancellation of admission to the Joint M.Tech/MCP-PhD Programme in Microelectronics and VLSI Design at IIT Kharagpur and the student will have to leave the programme.

The acceptance fee paid by you will be adjusted against the total registration fees at the time of physical reporting at IIT Kharagpur. The date for balance amount payment will be intimated in due course. The fee structure is given below for information.

Sl.No.	Particulars	Amount (Rs.) (For GE/EWS/OBC category)	Amount (Rs.) (For SC/ST/PwD category)

Dear Shruti,

Congratulations! I am pleased to inform you that the Graduate Admissions Committee has recommended you for admission to the PhD in Energy, Environmental and Chemical Engineering program in the Department of Energy, Environmental & Chemical Engineering offered through the Graduate School at Washington University starting Fall 2020.

Your financial package includes full tuition remission for up to 12 units of instruction per semester and minimum annual base support of \$31,000, beginning in September. The McKelvey School of Engineering will provide an enhancement to your monthly base support to cover student health fee charges; you are responsible for paying these fees on your student account.

Your financial package is guaranteed annually, for up to six years of full time study, as long as the faculty judge you are making satisfactory progress toward the completion of your degree. Satisfactory progress includes pairing with a research advisor by the end of your first year of study, meeting milestones, making progress on your research, and maintaining a grade point average of 3.0 or better.

This offer of admission and financial support is valid until April 15, you have until then to respond; however, we would appreciate a decision response as soon as possible. **To accept the offer of admission please use the response link in the application portal.** For more information from the Council of Graduate Schools regarding acceptance terms, please click [here](#).

Once again, congratulations. We hope you will decide to accept our offer, and look forward to welcoming you to Washington University later this year.

Sincerely,

Dear Vinish,

Congratulations on your offer of admission to graduate studies at the University of Waterloo! Through your achievements, you have distinguished yourself from a pool of highly accomplished applicants and we are delighted to extend this offer to join the Waterloo community.

We are pleased to offer you admission to the following program:

**Program:** Electrical & Computer Engineering, MEng  
**Term of admission:** Fall 2021  
**Attendance:** Full-Time

**Term begins:** September 1, 2021  
**Registration ends:** September 30, 2021

See the [calendar of important dates](#) for academic term deadlines.

Please complete the admission conditions listed below by the due date(s) listed in [Quest](#). This offer of admission may be withdrawn if the admission conditions are not met.

**Arrange for the required documentation to be sent to:**

*Graduate Studies and Postdoctoral Affairs  
University of Waterloo, Needles Hall 2201  
200 University Avenue West  
Waterloo, Ontario Canada N2L 3G1*

We also accept official [secure electronic transcripts](#) provided by the issuing institution and from services such as Parchment, National Student Clearinghouse, eScript-Safe, or TranscriptsNetwork. If your institution issues a secure electronic transcript, please have it sent to [gradadmissions@uwaterloo.ca](mailto:gradadmissions@uwaterloo.ca).

- Arrange for the following items to be sent directly from your institution to Graduate Studies and Postdoctoral Affairs: official transcript and copy of the final or provisional degree certificate attested and verified by the awarding institution (e.g. by the Controller of Examinations or the Registrar). If the original documents are not in English, an English translation, certified, attested, signed and stamped by your institution, must be provided with your official documents. The official documents

Vinish Kumar [1]

must show all courses and grades, and the awarding of your Bachelor's degree. You must ensure that you have met the minimum overall academic standing. Do not provide your original documents.

You must submit a valid Study Permit to complete your enrollment. You will receive an email informing you when a link in Quest is open for the uploading of your Study Permit.

The Department of Electrical & Computer Engineering has prepared detailed information for you, which immediately follows this letter. These details include information that pertains to your program, financial support, how to accept or decline your offer and who to contact should you have any questions.

To facilitate your transition to Waterloo, and to make the most of your graduate experience, please visit the [Graduate Studies website for new students](#). This website contains valuable information on estimated [study and living costs](#) for which all graduate students are responsible, course enrolment instructions, housing options, orientation, tuition fee arrangement procedures, and regulatory details of the Graduate Studies Academic Calendar.

The general information and regulations section of the [Graduate Studies Academic Calendar](#) contains information about academic integrity, guidelines on graduate student support, and protection of privacy, including the University requirement to report student-level enrolment-related data to the Ministry of Advanced Education and Skills Development (MAESD).

The University of Waterloo is a world-renowned institution where innovation, research and inspiration meet to achieve extraordinary success in world-changing research and education. The excellence of our institution depends on the people assembled here, most importantly our students.

## Department of Electrical & Computer Engineering program information

Vinish Kumar

Congratulations and welcome! We look forward to you joining our program.

We are pleased to offer you admission to Master of Engineering. As this is a course-based program, the Department of Electrical and Computer Engineering is not able to offer funding in the form of scholarships or assistantships. Students should be prepared to fund their graduate program, including both tuition and living costs, from their own resources for the duration of their studies.

Waterloo attracts the best students for graduate studies and we are pleased that you are among these students. After you have carefully reviewed the offer of admission, please go online to Quest: <https://uwaterloo.ca/quest/> to accept (or decline) within 3 weeks of the date of this offer.

Should you have any questions or concerns, please feel free to contact Kaylen Norris, the Department of Electrical and Computer Engineering Graduate Coordinator at [ecegradm@uwaterloo.ca](mailto:ecegradm@uwaterloo.ca) or 519-888-4567 ext. 38231.

Please ensure you review your program's degree requirements in the Graduate Studies Calendar prior to starting your studies at the University of Waterloo - <https://uwaterloo.ca/graduate-studies-academic-calendar/engineering>

On behalf of the Department of Electrical and Computer Engineering at the University of Waterloo, I welcome you to our program. By pursuing this degree, you are joining an impressive network of students, alumni and faculty members. We look forward to you joining our graduate program.

Sincerely,  
The Department of Electrical and Computer Engineering
