

## The ThoughtWorks Social Hackathon 2020

Information about the call to applications for **The ThoughtWorks Social Hackathon 2020** from students to solve for India-specific community challenges, powered by [ThoughtWorks](#), a 25-year-old global software consultancy firm. They have rolled out four unique challenge statements to the student population pan-India, to ponder over, come up with great ideas and submit those. The submissions are open to students (UG/PG) from any stream of knowledge (Engineering, Management, Design, Policy, and so on).

The students stand an opportunity to **win a grant of INR 40,000 per challenge** to develop their models further, with support from ThoughtWorks. **The submissions close on 31st May 2020.**

ThoughtWorks is willing to go an extra step to support new and promising ideas and projects which have the potential to solve the problems of the people of India. Here is the quick-link to the hackathon platform: <http://bit.ly/TWOPINE-2020>

Kindly refer to further details in the mailer below to get an overview of **The ThoughtWorks Social Hackathon 2020**. If there are any questions, kindly write to [support@letsendorse](mailto:support@letsendorse).

To recognize innovators and ideators who can SOLVE FOR INDIA,  
**ThoughtWorks India** invites submissions from students  
(UG/PG/research scholars) to solve one or more of the four challenge  
statements.
