ARMY INSTITUTE OF TECHNOLOGY,
DIGHI HILLS, PUNE

Guidelines for Mini Projects & Internship

Mini Projects

1.   All AIT students must do at least one mini project per year (except final   year students).

FE	-	General Mini project (Inter disciplinary in nature)
SE	-	Mini project specific to Branch
TE	-	Mini project specific to Branch

2.   Mini project may be part of BAJA, Robotics or related activity where students have done significant contribution.

3.   Mini project should be presented in various college activities or events (in college or outside college for various competitions).

4.   If mini project is useful to institute, then college may sanction at   the maximum 75% amount (depending on HOD's / Guide's recommendation).

5.   If college sponsors the mini projects, then this project will be retained by Department / Institute.

6.   Department should monitor mini project through their III Cell.

Internship

1.   Before proceeding on Internship, student has to opt for due permission   from college authorities.

2.   Once internship is allocated by industry/organization then student has to submit undertaking mentioning that he /she is bound to follow the rules and regulation of that organization and will remain present for all days during internship period.

3.   After completion of internship, attendance certificate has to be submitted to Dept.

4.   Student should submit report based on knowledge gained & this report should be   submitted to HOD.

5.   Based on attendance certificate (from internship providing company) & internship report, attendance will be given to student.

6.   Department should monitor internship through their III Cell.
