Brig Abhay A Bhat
Director
Army Institute of Tech
Pune

Dear Brigadier,

1. I am writing to you to place on record my appreciation for the manner in which you and your team has been managing the institute.
2. My son Shaurya Nagpal is student of B Tech (Computer Science), third year. The environment in the college is conducive for learning and grooming of child who is fresh from the school. The teachers and the senior students in the college have been providing guidance, grooming and support to the new students. The role of extracurricular activities (including clubs) has been amazing.
3. I am sanguine that AIT will continue to provide the right environment for the students to excel in academics, develop the required skill sets and prepare the students to face the world outside.

With warm regards,

Yours sincerely,

U Nagpal
