

Mr. Urvish Pande - India Head, Recruitments of Master Card

We've launched our campus season with a bang, and what a remarkable start it has been!

We're thrilled to have kicked things off with the talented students of AIT Pune, a one-of-a-kind institution exclusively dedicated to the children of our esteemed defense personnel. This uniqueness truly sets AIT apart and highlights the incredible commitment and values instilled by the military community.

Witnessing the legendary discipline of the army firsthand was awe-inspiring. Today, as we met the impressive applicants during interviews, their dedication, and strong character shone through.

At Mastercard, we believe in fostering excellence and nurturing future leaders, and our partnership with AIT Pune is a testament to that commitment. Stay tuned for more updates as we continue this incredible journey in search of exceptional talent.

We extend our gratitude to - Manoj Khaladkar Head, Placement Office for the tremendous efforts and his team for hosting us and ensuring a seamless experience throughout out.
