

TESTIMONIALS

A Hearty Note by Parent

AIT is very happy to share the feedback of Lt Col Sanjay Kumar, father of Anushna Panwar (FE IT), about the culture of this Institute:-

1. My daughter Anushna Panwar is a student of FE (IT). She had suffered severe ligament injury while playing basketball in the campus on 15 Mar 22.
2. I am writing this mail to convey my sincere thanks and gratitude to you and your staff for all the assistance provided to my daughter for her treatment in Military Hospital Kirkee and also on the academic front as well. Now the child is feeling comfortable. As a parent we did not have to move to Pune as we were confident that things will be taken care of. It has actually become a home away from home for my daughter.
3. I would like to bring to your notice that she was earlier studying in Vellore Institute of Technology (VIT) and has got admission in Cat-I in Computer Science with specialisation in Artificial Intelligence & Machine Learning. Now I am quite convinced & confident that I have taken the correct decision to shift my daughter from VIT to AIT. There are few other students too who were getting admissions in other reputed colleges but they preferred to take admission in AIT, because the environment (social, sports, cultural, technical & academics) AIT is conducive for all round growth of Army wards.
4. I would also like to again compliment the AIT fraternity for achieving fantastic placements for the 2022 batch including the record placement offer in Amazon (Dublin) of Rs 1.12 Crore. We wish AIT many more laurels in future....

With Best Wishes & Regards
Lt Col Sanjay Kumar
